Description

An Ecuelle decorated in Doucai with the "Hundred Antiques", mixing underglaze blue as well as red, yellow and green enamels. The back of the body is marked with a double circle. China 18thKangxi period (1661-1722) Height: approx. 12cmDiameter (including handles): 19.5cmA few chips to the lid, which has been broken in two and restored by a workshop specialising in the restoration of museum ceramics. The old restoration has been cleaned and the lid glued back on, and the handle was formerly in plaster as it was also missing, and the restorer has moulded a new handle to fit the model. In addition, one of the two handles, an old one with a broken line, was also restored. An hairline also on the low part of the ecuelle.More informations and photos on request.
