Description

A turned terracotta cup...With a snake in application...All with a green enamel and blue tints...From the 1990s...Dated if I read 12...11..92...In very good condition, just a tiny chip of enamel at the base which could easily be rectified...!With a dedication for a doctor inside the foot...I tried to understand it but not being sure I am waiting for information...!And with a capital "R" for signature, in hollow...An interesting model and certainly a unique piece...Weight ... 742 gr
