Description

Pendulum in chased bronze and mercury gilt in two tones, matt and shiny. It is composed of a terminal receiving the movement, and is underlined by acacia branches extending into caryatid pilasters, it is decorated in its center with a stork in the middle of branches and receives in applique two butterflies drinking in a fountain. The base of the hexagonal pendulum is decorated with a bas relief of cupids playing "blind man's buff". Cupid, standing on the terrace, bow in hand, blindfolded, lets himself be guided by a dog symbolizing fidelity. The movement is housed in the terminal, the escapement is anchor and the suspension is wire. the white enamel dial is signed Lucin rue des deux ponts N° 44 Paris. The mercury gilding is in good condition.Height 40 cm ,Width 30 cm Restoration period around 1825
