### Description

Silk rug signed Istanbul (Turkey) - Ottoman pastoral scene. Elegant silk wall hanging, hand-woven in Istanbul, depicting a romantic and bucolic scene inspired by classical Ottoman art. Three figures in traditional clothing, finely stylized, move beneath a flowering tree inhabited by birds, in a poetic and refined setting. The delicately executed design evokes Persian miniatures and Ottoman court art. The warm palette, dominated by shades of beige, burgundy, dusty rose, and deep blue, enhances the details and highlights the fineness of the weave. The understated and elegant tone-on-tone floral frame emphasizes the central composition without weighing it down. This signed rug, an exceptional decorative piece, is a testament to the ancestral expertise of Istanbul workshops. Perfect for a wall
