750 EUR

Signature : Jacques Dufrane

Period : 20th century

Condition : Très bon état

Material : Other

Width : 7cm

Height : 42cm

Depth : 10.5

Description

Steel statue by Jacques Dufrane. Jacques Dufrane was born in 1947 into a modest, working-class family, far removed from the art world and from a disadvantaged background due to the economic difficulties of the post-war period. Passionate about art but working as a foundry worker in an industrial environment, Jacques Dufrane drew inspiration from this experience, both in terms of techniques and motifs.
