Description

The young girl with the apple, Pastel. (27.5 cm / 17.5 cm) the three-quarter face is enhanced by the quality of the drapery. Her thick hair gives off light. She looks at us! This forward posture adds a little more to her generosity. The yellow-green background offers us an off-center design. The canopy is mitered and the aluminum foil has lost all its original colors. Delivery possible, not included in the price.
