Description

Important sculpture in spelter with a double brown patina imitating bronze, it represents a very pretty young woman wearing a bun, standing with her left arm raised holding a ball, she is barefoot, dressed in antique style with a tunic tightened under the chest molding her curves. Titled on the terrace "Science" and signed V. Constant A sculpture of the same model is known, titled "Science" the young woman holds in her left hand a laurel wreath and in her right hand a document, perhaps a diploma. We also find a fairly similar model where the young woman holds a mysterious clock along her body. Height 97 cm - width and diameter 31 cm - depth 20 cm Early 20th century Very good condition
