Description

Restoration - re-veneer one side, clean everything and restore its patina, the almost complete leather can be kept.. the 3 bottom locks work, those at the top there are 2 broken and there are indeed 3 keys and they are his. - there are 2 ends of feet a little worn pitted but the whole is good, the bottoms of the drawers are still pitted too. - the tray that opens in front must be planed a little on the crosspiece of the bottom which goes up because it rubs under the Step... - all the drawers open well and slide well in the step and at the bottom... I have many photos.. I can give you the veneer.. it is solid walnut and walnut veneer. Overall dimensions: Length: 130 cm height: 98 cm or 73 cm at the tray depth: 58 cm or 75 cm open
