Description

Iznik ceramic vase from the 19th century. Very beautiful vase decorated with a magnificent underglaze decoration representing multicolored birds in a nature teeming with flowers. Excellent general condition as well as the very beautiful glaze having retained all its period patina. Vase located in the 19th century in the production of this famous factory, having produced for oriental palaces, but which is perhaps from an earlier production. Note the finesse of the decorations and the beauty of the natural colors used. Very rare vase worthy of a very beautiful collection.
