Description

This sculpture comes from an artist's studio, probably made in the 1950s-1960s. It represents a female nude, an anatomy, it is a resumption of an Antique subject. Everything was made in cellular concrete, executed with great finesse. It has a lot of allure, perfect for a cabinet of curiosities. We report rubbing in various places, pencil lines and dirt, the work remains however in a good general condition. We sell it in its juice, natural, untouched. We carried out a summary cleaning. We will not deliver by post for this type of item too fragile but we work with carriers, please contact us for a quote. For the condition please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description.
