Description

Set of 8 soup plates in Limoges porcelain, "Mille-Raies" model published by Raynaud & Cie. Refined decoration with parallel pink lines highlighting the rim, border highlighted with a golden edge, on a bright white background. This decoration, called "Mille-Raies", is a modern reinterpretation of a 19th century decorative fantasy, inspired by the collections of the Bishop's Palace of Limoges. It embodies the refined know-how of Limousin manufacturers, combining graphic sobriety and classic elegance.
