Diameter : 15,7 centimètres

Height : 22 centimètres

Depth : 21,2 centimètres

Description

A water pitcher or other... In glazed terracotta...
With a decor entirely painted with a brush... On
the theme of the circus...! And the friezes at the
top and bottom recalling the ring of a circus... On
a black background, to clearly situate the scene...
With a frieze of five clowns holding hands... At
the end of the performance greeting the public...
Painted with many colors... It is very beautiful...
And of excellent mastery... In perfect condition,
no fault or chip... Some slight manufacturing
defects in the colors but it is just to point out
something...! Signed with two initials G . A. ...
Without having more information for the
moment... And a number below " 328 "... Plus
another hollow sign... For me from
VALLAURIS... From the 1950s/60s... Weight ...

927 gr
