

Porcelain And Sterling Silver Broth Bowl With Napoleon Empire Decor

420 EUR

Period : 19th century

Condition : Bon état

Material : Porcelain

Diameter : 18cm

Height : 10cm

Description

Lovely Paris porcelain bouillon pot, made in the Napoleon III period, decoration inspired by the Empire period (eagle on the silver friezes, bees, Napoleonic eagle...) The porcelain is not signed, the condition is very good, the only thing to note is a crack along the handle of the ladle. All the silver parts are hallmarked by the 1st title minerva, silversmith impossible to identify. The support is in silver metal.
