Description

We offer this fantastic small antique Italian desk dating back to the early 19th century, during the sumptuous Empire period. This desk, crafted from fine walnut, is characterized by refined linearity. On the front, two black pilasters with a finely gilded bronze caryatid-faced capital create a visual accent that captures attention and adds a luxurious touch. From a practical standpoint, you'll find a drawer for storing small items and a compact surface, perfect for home office work. Please note that this desk was designed to be placed against a wall; the back is made of unfinished wood. Consider that the space available from the floor for your legs is 60 cm / inches 23.62. This elegant and refined desk can be placed in any room of the house--living room, bedroom, or office. You can carry out your office
