Description

Beautiful 18th century reliquary, in its original frame, with its antique blown glass. Convent work, based on gilded and painted paperolles. Numerous relics, with the names of the saints concerned on small strips of paper holding the small piece of bone in place. The paperolles form fleurs-de-lis at the four corners of the painting. Central motif in the center of the bottom. Some very small, barely visible losses. 18th century gilded wooden frame. French work.
