

Comical Face Puzzle Defense Cane

350 EUR

Period : 20th century

Condition : Bon état

Material : Wrought iron

Length : 93 cm

Description

This "headache" defense cane deserves its name thanks to its knob depicting a good-looking newsboy's head with a hilarious look. Made of chrome-plated iron (some missing parts) and therefore heavy to ensure a good blow with a club if necessary. Its shaft in light Malacca rush is hollowed out and reinforced with an iron rod, its eyelet for the strap is gilded and finally, the ferrule is in white metal.
