

Interesting Oval Mirror, Included In A Piece Of 18th Century Woodwork.

320 EUR

Period : 18th century

Condition : Très bon état

Material : Solid wood

Width : 34,2 cms

Height : 19,5 cms

Description

Amazing little oval mirror, from the 18th century, both for the mirror itself and for its support. Very decorative, fully treated, it is topped with a shell carved in the mass, the top of which is slightly abraded. Very thick support, in walnut. Perhaps a woodwork element? Some reflections of an old gold polish. French work.
