Description

Pretty pair of small cups with two handles, blown glass, truncated cone body resting on a small round foot, clear pontil. Described in book by Jacqueline Bellanger as probable sorbet cups from Nivernais. Dimensions: H 7cm x 8.5L. Unfortunately, each one has suffered over the 2 centuries: 2 chips on one, a crack on handle on other, which explains my price, for such rare objects.... This item is for immediate purchase, payable by credit card or paypal. - eclectic - antique dealers since 1970, Siret: FR 24.430113233. Invoice and Certificate are attached to each of our shipments.
