Description

France / 1957 / Clemenceau stool / Maison Dominique / Andre Domin & Marcel Genevriere / metal, vinyl / Mid-century / VintageRare to find vintage design classic "Clemenceau" adjustable height stool, designed in 1957. The stool features a quadruped base formed of black lacquered aluminum foil fins, lining a tube structure with brass feet ends (one missing). Height is adjustable by a large screw. On top a seat pad covered in piped cognac leatherette. The leatherette has some small wear marks and cracks but is in original condition. This stool was specially designed by Dominique André Domin (1883 - 1962) and Marcel Genevriere (1885 - 1967) for the dining room of the admiral of the aircraft carrier "Clémenceau". Whether you're a design addict or collector or just looking for extra
