Description

A pair of armchairs... In varnished beech and fabrics... The backs and seats are traditional... With springs and reinforcements... They must have been redone in the 1980s... In good general condition... Some wear from use on the varnish... On the armrests and the bottom of the legs... Which can always be rectified... And some stains and small snags from use... They are light, light!!! See the photos... From the 1950s/60s... FRENCH origin... Weight ... about 10 kilos per armchair...
