Description

In the spirit of Jules Leleu, set of four Bridge armchairs in stained beech, with a refined design. Each piece is distinguished by a structure with curved legs and subtly curved detached armrests, signature of a sober and elegant Art Deco style. The seat has been completely restored, upholstered in a mimosa yellow fabric bringing a contemporary touch of color to the whole. The flared backrests, studded at the back, reinforce the sophisticated character of these timeless Vintage seats. **********Period: 1940Excellent condition after restoration in our workshop.Varnished finishDelivery possible, in France and Europe, by our partner specialized in furniture transport.Dimensions:Height: 80 cmWidth: 58 cmDepth: 58 cmSeat height: 49 cmRef.190625.2
