Description

Pair of bronze and brass candlesticks. Guilloché decorations with palmette, interlacing, and stylized flower motifs. 19th century, Restoration style. Please note: these candlesticks are in used / good condition. Shocks around the edges of the bases, old tin restorations on the top of the bases, small losses and dents - clearly visible in the photos. One of the two candlesticks is slightly tilted, the base is slightly warped. Cleaning could be refined. Wear from use and time. Despite these few ravages of time, these candlesticks still look great and are very decorative. Please look carefully at the photos.
