

Antique Empire Desk In Cuban Mahogany

3 800 EUR

Period : 19th century

Condition : Très bon état

Width : 140

Height : 78

Depth : 98

Description

Antique Empire desk in Cuban mahogany, with oak drawer interiors. The desk features the original leather top with classic Empire decorations. Underneath the top are two sliding drawers that increase storage space. The piece has been restored in our workshop and returned to its original beauty. The desk can be placed in the center of the room because the back repeats the shape of the drawers.
