750 EUR

Description

- Oil on canvas.- In this work, the vibration of light and the thickness of the pictorial material merge in a celebration of nature. The flowers, rendered with generous impasto and free brushstrokes, seem to emerge from the canvas as if they were almost palpable. The sun, a silent protagonist, bathes each petal in a golden glow, transforming the composition into an explosion of life and color. "The Splendor" perfectly reflects the Impressionist spirit: it captures the transience of the moment, the poetry of the ephemeral, and the intensity of a sensitive gaze in the face of everyday life. This painting does not seek to describe reality in detail, but rather to convey the luminous emotion of nature in its pure state.-
Dimensions of the unframed image: 48 x 58 cm / 59 x 70 cm, magnificent neoclassical gilt frame.-
