### Description

This drawing is probably a project for a title page of a book on Saint Denis, in Art Nouveau style with its frieze of vine leaves. Subtle watercoloring in gray and blue. Monogrammed lower left above the title: PE?, JPE? State of conservation: Oxidation points, a lack in the frieze at the bottom right, 2 wormholes. All the black margins have been redone, tears in the margins that do not reach the watercolor.
