Description

This beautiful dessert service is in good condition, with some very small traces of time. Defects noted: a crack, a loss and a firing defect (last photo). All this remains quite discreet. I also note some very minor chips, almost nothing. Some pieces are signed Vio others Caro. Some are dated 1915. The cup has a dedication. I have not been able to determine the origin of this earthenware service which is reminiscent of the famous model made by Félix Bracquemond and Eugène Rousseau in Creil and Montereau. Diameter of the plates: 15.5 cm. Dimensions of the dish: 29.5 x 23 cm. Height: 7.8 cm. Shipping with invoice, fast, careful and very secure, free for France.
