

## 18th Century Languedoc Chest Of Drawers

2 800 EUR

Period : 18th century

Condition : Très bon état

Length : 125

Width : 64

Height : 93

### Description

Chest of drawers in the shape of a tomb in walnut, a beautiful work from Languedoc. Crosspiece carved with a motif of roses and branches, its handles, locks and keys are from the period. This chest of drawers is topped with red Languedoc marble which must have been sanded or changed in the 19th century. Of pleasant proportions, this chest of drawers is in perfect condition.
