Child's Drum And Its Sticks, 19th Century - 1900

280 EUR

Period : 19th century

Condition : Bon état

Material : Painted wood

Description

Beautiful child's drum in painted wood, metal, pig's bladder, rope and leather. It is painted yellow and complete with its blackened wooden sticks. Empire style, from the late 19th or 1900s. Our drum is a toy, an identical, functional reproduction of an adult military drum, adapted to the size of a child. Beautiful object of curiosity, to complete an Empire decor. Diameter: 28cm Height: 26cm Length of sticks: 35cm
