Description

We present this fantastic 17th-century Italian antique sideboard. A majestic sideboard with a timeless, antique charm! Made of solid walnut, it features simple lines and small doors with a carved panel. Its structure is divided into two separate parts, allowing for easy movement. Functionally, it offers ample storage space with internal shelves. The interior is lined with yellow fabric. This sideboard tells the story of Italian furniture; its refinement and grandeur suggest it was intended for a high-ranking family. While we consider it perfect for decorating a country or mountain home, its antique charm can also lend warmth to a modern, urban setting. It is suitable for any room in the home. The piece is in good overall condition, with minimal signs of wear consistent with its age.
