Description

Very beautiful fresco in pointillist technique representing women in a garden whose dreamlike dimension appears evident. In a floral, pastoral decor, with a peacock, swans and a court of birds wandering around, the scene in a naive style is nicely treated. Like a view of the mind, a play of color and composition tending towards the absurd or even kitsch. The work is in good condition, little information circulates on this artist Matkulenska having resided in Paris from the 1930s. The painting is signed and dated 1950. Dimensions: 100 cm x 81 cm (without frame) 111 x 92 cm (with frame).
