Description

Decorative large painting, this pretty painting "Venus with a Mirror", oil on canvas presented in a superb Louis XV style frame in stuccoed gilded wood from the 19th century. A very decorative ensemble for this healthy canvas in its original frame. This canvas is in the Baroque style, ornamental and rich in color, well detailed in a clever architectural atmosphere. Animated by winged cherubs attentive to this reclining Venus, naked seen three-quarters on a thick fabric couch, her elbow on a bolster, she looks at herself, a canopy of red canvas protects her from the sun, in a decor surrounded by statues, underlined by a base in fluted honeycomb steps on which an urn with handles completes the decor, while two doves in flight twirl above an overturned dish... A decorative and very elegant and tasteful painting,
