

19th Century Copper Watering Can

140 EUR

Period : 19th century

Condition : Très bon état

Material : Copper

Height : 37 cm

Description

Original 19th century truncated copper watering can. Watering can made from thick copper with an unusual shape. A support handle and a pouring handle ensure optimal use. The bottom of the upper handle is cut in the shape of a heart. The handles are rounded for comfort. The whole is in good condition, no dents, no leaks, it is watertight and therefore usable. Reservoir height 22 cm, base 28 cm, height with handle unfolded 37 cm
