### Description

Elegant and antique poplar chest of drawers painted with tempera in gold, brown, and white. The structure is distinguished by its truncated pyramid legs and the top decorated with faux marble paint, further enhancing its refinement. The painted decorations on the front and sides recall classical interlacing motifs, while a flower in the center of the sides completes the overall effect. The chest of drawers features two ergonomic drawers without handles, but with keys. The entire piece is in completely original condition, with only minor structural restorations and an anti-woodworm treatment with interior sanitization. This is
