400 EUR

Period : 18th century

Condition : Très bon état

Material : Glass

Description

Large engraved balluster glass, second half of the 18th century. In perfect condition, this glass is both blown and engraved. In the Bohemian style it is very elegantly decorated with a floral motif and a cartouche with a rabbit chased by a dog. The balluster leg and the flat hemmed foot shows the know-how of the glassmaker. We can think of a work from Lorraine from the Louis XV or transition period.
