Description

Charming walnut chest of drawers, opening with two drawers on the front. It is curved on all sides, which gives it a refined elegance and allows it to be placed in the center of a room. Its base ends with lozenge feet, a characteristic reminiscent of the creations of Thomas Hache and his Grenoble workshop in the 18th century. The handles and keyholes are original and have a pretty gilt bronze decoration. This piece is distinguished by the warmth of its walnut, its patina and its harmonious curve, typical of Dauphiné furniture. Very good general condition! Delivery on estimate!
