

Large Engraved Wooden Carpenter's Compass - Dated 1824

200 EUR

Period : 19th century

Condition : Bon état

Material : Solid wood

Height : 53 cm

Description

Large engraved wooden carpenter's compass - dated 1824. Rare workshop compass made entirely of wood, equipped with metal points and a forged axis. Description: Each branch bears naive engravings: diamonds, circles, and the date 1824, recalling the tool's belonging to a journeyman or craftsman from the beginning of the 19th century. Beautiful object of rural and journeyman heritage, both a functional tool and testimony to geometric symbolism in ancient craftsmanship. Original patina, traces of use and marks of time. o Hardwood with reddish-brown patina. o Geometric engravings and date 1824. o Forged metal assembly. Height: 53 cm. Collector's item, witness to the world of 19th century carpenters and surveyors. Do not hesitate to contact me for any additional information or request for
