Description

Watch from the prestigious Geneva manufacturer UNIVERSAL, soberly signed Universal Genève, in steel, from the 50s. Its case, of classic shape, is by its volume quite representative of its 50s era. The beautiful patina of the dial, and the hands adorned with phospho, evoke the 40s, as well as the double graduation all around the dial, evocative of the measuring scales of chronographs... The second hand stands out with its red color. The watch is signed, on its dial, and on its movement, and numbered on its case back. Its movement is in perfect condition and revised; Its proper functioning is guaranteed by us for one year (except in case of shock or immersion).Model: 20724 Universal GenèveYear: 1950Movement: mechanical with manual windingAnchor escapementDial: original,
