

Verona Marble Capital

4 500 EUR

Period : Before 16th century

Condition : Bon état

Material : Marble

Width : 25

Height : 23

Depth : 27

Description

Marble capital from Verona, northern Italy, 13th century. Decorated with birds and a serpent. Although the context of this capital has been lost, the continuous carving on its four sides suggests that it may have surmounted a freestanding column, probably in a crypt.
