

Porcelain Figurine Of A Polychrome Bird On A Vintage Floral Base

100 EUR

Period : 20th century

Condition : Très bon état

Material : Porcelain

Height : 9

Description

Description Painted porcelain figurine representing a colorful bird (blue, yellow, black and brown) placed on a vegetal base decorated with a flower in relief. Work from Central Europe, circa 1950-1970, probably attributable to a factory in Thuringia or Bohemia. The vibrant polychromy and naturalistic details make it a sought-after decorative piece.???? Dimensions: approx. 18 cm high???? Condition: very good general condition, no cracks, bright polychromy???? Blue underglaze mark on the reverse A beautiful object for collectors of animal porcelain or for vintage decoration.???? Specific transport conditions Any package with visible external damage must be refused by the buyer. Acceptance of the package constitutes recognition of the external condition of the packaging.
