Description

Today we present to you this lovely portrait depicting a young bourgeois accompanied by his sister. The young girl is wearing a beautiful dress adorned with pretty lace. The faces have beautiful proportions, with rather puffy cheeks. The young girl's curls are particularly well rendered. A little extra: the presence of an armchair on which the young girl is sitting, as well as a signature visible on the right of the painting. The whole is surrounded by a Napoleon III frame with beautiful gilding. There is a slight lack of stucco on the top of the frame, visible in the photos.
