

Lamp Base In Reconstituted Stone, Red "oxblood", 20th Century

120 EUR

Period : 20th century

Condition : Etat d'usage

Material : Stone

Diameter : 20 cm au col

Height : 25 cm - 34 cm à la douille

Description

Elegant lamp base in reconstituted stone tinted red, "oxblood". Its classic baluster shape gives it a beautiful decorative presence. The material, dense and heavy, imitates colored semi-precious stones appreciated for their decorative effect. Work dating from the second half of the 20th century, equipped with a brass mount and a modern socket. Good overall condition, with a small visible chip on the upper edge, and small signs of use consistent with age. Perfect stability.
