

## Fixed Under Glass 18th Century

450 EUR

Period : 18th century

Condition : Bon état

Material : Stone

Width : 21 cm

Diameter : 18 cm

Height : 30 cm

### Description

Fixed under glass representing buildings near 3 ancient columns in a wooded landscape. The fixed under glass has been elegantly staged in a stone element. It is a beautiful decorative element from the 18th century. Two visible chips in the stone in the lower part of the facade. A chip at the corner on the back. On the facade, 4 holes indicated the presence of an old inscription. Delivery costs in France by Colissimo with tracking: EUR60 (linked to the weight 8 kg)
