Work from the beginning of the 20th century. Tiny mark in the blue enamel of a cartouche, very barely visible. Our opinion: This elegant antique watch will make a lovely antique enamel pendant to wear on both sides with a yellow gold chain or a silk cord. This enameled watch can also be used as an antique medallion by housing a photo or souvenir between the dust cover and the back.Note : All our watches have been cleaned and polished. The settings of any stones have been checked. The watch shown is not working. For use as a watch, we strongly recommend having the mechanisms serviced by a specialist watchmaker. Our watches are sold without any guarantee of functionality. To find out moreDiscover the product sheet for this yellow gold collar watch with blue enamel numbers online.
