

Pair Of 18th Century Dutch Marines

1 400 EUR

Period : 18th century

Condition : Très bon état

Material : Oil painting

Length : 42

Width : 42

Diameter : 23

Description

Beautiful pair of Dutch seascapes, one representing galleon sailors fishing, the other an order of longboats sailing in the open seas. These canvases are particularly well done. The representation of the fish seals as well as that of the galleon are to be noted for their quality. The chassis as well as the frame have been changed over time. Dimensions without frame: 23 in diameter Dimensions with frame: L 42 XH 42
