

## Large 1970s French Coffee Table In Imitation Crocodile Pressed Leather

2 690 EUR

Period : 20th century

Condition : Restauré

Material : Leather

Length : 150

Height : 46

Depth : 70

### Description

This fabulous coffee table was made in France in the 1970s. Crafted from deep brown leather, its surface has been pressed to imitate crocodile skin. It has then been intricately stitched to create details on the top. It is of fine quality and is in very good condition. Lightly polished, it has a beautiful patina, consistent with its age. Classic French mid-century style.
