### Description

Art Deco pendant in 750/°° white gold (18 KT, eagle's head hallmark) adorned with three beautiful old-cut diamonds with a rare pear shape, constituting the leaves of a clover. These three diamonds stand out visually with a subtly warmer color within the circle in which they are circumscribed, made up of a fine line of diamonds also old-cut. This circle is topped with a delicate motif and its bail, all openwork and finely worked, like Art Deco jewelry. The articulated elements allow the pendant to sit beautifully and give it mobility. The finely beaded gold work makes it discreet and allows only the diamonds to be highlighted on this jewel, including, in particular, the three main diamonds with the sought-after pear shape. (Presented on a filed curb chain, not included, sold separately in
