Description

Large Louis XVI style giltwood side table. Golden wood carved, it rests on 4 scrolled legs decorated with Acanthus leaves. The 4 legs are connected by a cylindrical spacer ensuring the perfect stability of the piece of furniture. The bowl-shaped top is gilded over its entire surface. Under the top, a very beautiful garland of Laurels connects the 4 legs together. The large side table will accommodate a statue or a large vase, the bowl of which will ensure its safety. Beautiful gilding. Very good general condition with some small traces of wear to the gilding (see photo).
