Description

Pair of light fixtures, wall lights, 20th century, 1950s. Very beautiful pair in gilded and patinated bronze and white opalines. Excellent condition of the set and very good electrical operation. Note the very beautiful contrast between the gilded bronze and the dark patinated bronze. Great elegance of the set with the softness of the white opaline giving off a beautiful light and the martial side of the hands holding the torch in gilded bronze with fine gold. Pair of wall lights attributed to André Arbus who worked on this subject just after the war. In total, a very beautiful pair, both useful and a very decorative piece of art. Possibility of sending in France and worldwide by secure and insured package with order tracking. Invoice and certificate provided.
