Description

A large, extendable table of Emilian origins, veneered and trimmed in walnut and cherry, dating back to the late 19th century. An important, rare table from the Emilian school. The refined pyramid-shaped legs support a double top entirely veneered in walnut and walnut burl, while the elegant border and central motif are in cherry. A double trim in maple and rosewood defines and further enhances the design. The beautiful proportions give it excellent aesthetic balance, while the design and dimensions allow it to seat up to 16 guests. Dimensions (cm): Length 185, Width 125, Height 81. (+ 2 extensions of 71 each, total extension 327) WANT TO SEE MORE OF OUR ANTIQUE TABLES? Click directly on the link
