Louis XVI Period : "pair Of Fireplace Jambs"

250 EUR

Period : 18th century

Condition : En l'etat

Description
-------------

Louis XVI period: "Pair of fireplace jambs", red griotte marble 81 X 16.5 X 16 cm. Frosted, they will regain the appearance seen in certain photos where they are wet with dew from polishing.

Embrasure on the top of one of them, small losses. Formerly placed on each side of the hearth, they supported the horizontal lintel. They can be used to make a console or, quite simply, to punctuate a woodwork. Very heavy, they will not be shipped by post! Provide carrier or Cocolis.

Do not hesitate to ask us for photos or additional information by email or telephone. Other photos and many other objects in our shops in Pau and Biarritz and on our website [galerielhoste.com](http://galerielhoste.com).
